NOTE.

The Joint Standing Committee on Military Affairs, to whom was delegated the authority to compile, in suitable form for reference and preservation, the names and record of the soldiers and sailors who served to the credit of Chelsea in the great conflict for supremacy of law and the maintenance of the Union, present this record, in book form, as the result of their labors. That the work is as full, complete, and accurate as is possible to make it, the Committee feel assured. Every known authority has been consulted, and the work of compiling entrusted only to competent and skilful hands. That Chelsea has abundant cause to be proud of her ROLL OF HONOR is apparent on every page of this work. Her sons were upon nearly every battle field from the commencement to the close of the war, and many of them filled positions of high trust and honor; and while their deeds will be imperishable to the end of time, indelibly inscribed on the tablet of every loyal heart, this little book, filled with such a record of patriotism, including privations, sufferings, and even death, for the perpetuation of republican institutions and the blessings of civil and religious liberty, will be fondly cherished and preserved by a grateful people, who are now in the full enjoyment of all that was bequeathed us by their patriotism and valor.

JOHN H. CRANDON,
for the Committee.
